

Dental Care Treats

For all life stages

Your Functional Treats Range

Why Dental?

Pets' teeth can suffer from tartar build-up, which may also contribute to bad breath.

This recipe has been formulated to help reduce tartar build-up and promote good oral health.

Also Available

Immune - to help maintain all-round health and well-being.

Calming - to help to alleviate stress and aid digestion.

Skin & Coat - to help maintain healthy skin & shiny coat.

Digestive - to help support pets with digestive issues.

For more information regarding our Functional Treat range see [GA MyHub](#) or speak with your dedicated account manager.

Recipe Claims

Added Natural Green Tea extract

Natural green tea extract has been added which is thought to help in controlling the bacteria which may contribute to poor oral health.

Contains Activated Charcoal

To help maintain white teeth and combat bad breath.

Contains Peppermint

To naturally help neutralise bad breath.

Contains Sodium Hexametaphosphate

This helps to reduce the build up of tartar by absorbing minerals required for tartar formation. Commonly found in whitening toothpastes.

Kibble Crunch

Bone-shaped kibble with crunch for oral care.

Added Vitamins & Minerals

Added Vitamins & Minerals which are essential for a pet's overall health.

COMPOSITION

Freshly Prepared Turkey 46%, Sweet Potato 21%, Dried Turkey 14%, Potato, Freshly Prepared Wild Boar 4%, Cellulose, Turkey Gravy 1%, Sodium Hexametaphosphate (4,530 mg/kg), Activated Charcoal (4,230 mg/kg), Peppermint 0.3%, Minerals, Vitamins, Green Tea Extract 0.1%, Parsley 0.1%.

Sample label designs for illustrative purposes
